cate on the back of the bill endorsed by

District to the effect that the item of Rs 60/ was credited in the Imperial account on the 19th March 1888 under "Surplus Fund" and included in the sum of Rs 1950-0-0.

I request therefore to be informed from what fund the charge in question should be met; and from what source the sum of Rs 60/ credited to Surplus Funds on the 19th March 1888 was realized

and the Muzarai Returns forwarded by him to this office shew that the temple has funds at its credit under the head "Receipts of temples" and that it has no Surplus Funds. The entertainment of the overseer was sanctioned in the Govt. Pro: cited above from 1st May 93. The Treasury officer's certificate on the back of the bill stating that the sum of 025 60/ ~~being the proceeds of the overseer for May~~ now in question was credited to Surplus Funds on the 19th March 88 seems to be incorrect.

2. The charge should as directed already in the Govt. Pro. read above be met from the funds available at the credit of the temple, under the head "Receipts of temples."

Sir

I beg to submit that in Connection with the Sanction for the Construction of a Chandrasala and the Repair of the Gopuram &c in the Ghata Subramanyaswami Temple of the Doddaballapur Taluq at a cost of Rs 7700 odd, I was appointed in Memorandum No 767 dated 3rd May 1892 a Temporary overseer for one year to be paid for from the Temple Funds with effect from 1st May 1892. On the attempt of my duties as overseer the old Mantapams around the Temple were dismantled and the huge masses of rocks mainly in front of the Temple and also on the sides had to be blasted at a cost of nearly 1000 Rs. This work occupied a period of 4 months - Thereupon the Excavation was sunk to the depth of about 10 feet in some portions and after the foundation and base ment were built, an alteration

was proposed in October or November by the Surgeon Assistant Commissioner in the design of the building and to put up Godi stones in place of the basement structure which had to be dismantled. To meet this object slabs had to be got ready and dressed. This occupied a period of 4 months in addition. Now the Godi plat form has been completely put up and the work of the Mahadwaram and the addition of 2 Mukhmants to the Temple as recently ordered have to be taken up on hand shortly. Besides this work the walls outside the temple have been partly repaired and portions of them have to be built afresh so as to raise the height of the steps to the extent of about 4 feet to prevent overflowing from the mountain Streamlet closeby. This work may probably cost about 1500 Rs and an estimate regarding has been ordered to be prepared and submitted. Thus the entire work that has been executed upto date is to the extent of 3000 Rs and it is probable that to complete the building according to sanction it may take about 8 or 9 months more. It was feasible to turn up some more work during the period of this one year had it not been for the delay which unavoidably takes place in obtaining payments to the Contractors bills, as according to the present arrangement a measurement bill has to be countersigned by the Builder before it is presented for payment to the Mudgaya Asst Commissioner both of whom at times may happen to be absent from Head Quarters or engaged on other duties. As the term of sanction for my appointment will be

2

over by the end of this month, I humbly solicit orders regarding its extension. I have endured the greatest hardship by living alone in the Jungle where there is no habitation for this one year and the payment that is allowed me is hardly sufficient for my maintenance and that of my large family at Bangalore I therefore venture to request that your Honor may be pleased to give me same appointment at Bangalore with increase of pay or a reasonable batta may be allowed to me for my stay in the outstation

I beg to remain
